Committees meet regularly throughout the school year to discuss different issues pertaining to the school relating to the three committee areas above.

Governors are linked to improvement strands from the School Development plan and regularly come into school to monitor and evaluate our progress towards achieving our these. They write reports to be shared with the rest of the governing body.

The following are our 5 improvement priorities for the 23-24 academic year and which governors are linked to them.

All governors will also focus on one overarching priority, which is to improve the quality of teaching and learning across the school, which will have a wider impact on addressing the five priorities below.

Overall School Development priorities and Linked Governance 23-24
